## Dr. B.H.S. Thimmappa

### Creative Journey from Conceivable to Inconceivable

The moment of revelation to internalize the lessons of life

Fertile imagination is better than hard-core facts of life

Education affect and determine the learner's future life

Follow the future course of action to steer the ship of life

Revitalize the immune system to face the significant challenges of life

Feel better with a proper attitude and mix and match approach in life

Bear with people who think by the inch and talk by the yard in life  
The younger generation must put in sweat and toil to make a mark in life

Embrace the technological wave by delivering unique learning experiences

Root out biases like colorism, racism, nepotism, and favoritism in decisions

When good teeth were worn out dentures are worn in as a symbol of hope

Deal with the customers with a smiling face as a professional to the core

Do not plant an almond tree and anticipate the apple from it

It is foolish to expect a basketball player to win in a cricket

Seeing the rope as a snake conceals the real power of the student

Realize that a meaningless mission is like fire without light

Now shines the higher education landscape on the sight

That nourish the brain to transform from its present state

Transform the house into a home to have a soul close to our heart

Magnified focus on education include an element of empowerment

Imagining a 56-inch man becoming pregnant is beyond belief

Inconceivable to think of royal jelly as bitter honey in faiths

Intelligent donkey and a white crow are as vague as a shadow

Anger with wisdom is as unreal as human white blood flow

Contribute to society as a whole within a short time in life

Just feel the grace of higher power flowing in one's life  
Comprehend that it is next to inconceivable to have the eye of the  
chameleon  
Continue the performance journey from imperfect passage towards  
perfection

## Beyond Borders and Above Nationalism

No easy escape from the pandemic, the economic downturn, and climate change

Thinking and behavior while adapting to the new normal requires a broad range

Life anchored in values selectively mutes fake news and listen to alternative facts

Process of practicing vocation and passion crucial to stay ever in good spirits

Make logical associations in life beyond self-sufficiency and our utopia

Actual experiences of today become prime ingredients for future nostalgia

The scope of expansion quickly disappears when everything is exposed

Revisit every time a hobby to help improve one's mental health and mood

Quest for restoring work-life balance offers a meaningful exalted experience

Achieve minimum benchmarks in fruitful endeavors make a world of difference

Provide moral education to make people more humane to live a dignified life

Inject fighting for justice as an integral part of a survival guide pocket knife

Deep sensual pleasure using the windows of the soul serve as a cautionary tale

Explore the linkages between physical and intangible elements of the human scale

Establish the ethereal connection between the living, the unborn, and the dead

Life represents a rainbow mix of anxiety, happiness, confusion, and platform bed

Creative and innovative activities can transform a dream into reality

Essential to bridge the gap between the college, home, and community

Practice stringent self-discipline involving body, mind, and intellect

Life beyond fears delivers precisely as much as one chooses to ask of it

Mind your mind to keep the pendulum in a position of equilibrium

Realizing the need to explore further the power of higher education

Negotiate the challenges of life with checks and balances to face social realism

The message of inclusion into one global family involves rising above nationalism
